

2012 Annual General Meeting

Please join us for the New Horizons for Women 2012 AGM to be held prior to the Anniversary Dinner on Friday 23 March. The AGM will start at 6 pm at the Old Museum Building, Massey University, Buckle St, Wellington.

Guest speaker Kelly Tikao

Kelly (Ria McBride Research Award 2011) speaks on her research/film project "Iho- a cord between two worlds: Traditional Maori Birthing Practices." An Otago University Master of Science Communication student, Kelly, believes there is a place for old Maori birthing knowledge within the birthing care of women and their families today.

Fundraising for Awards

We are always raising funds so that we can offer more awards for women undertaking second chance education, research on women, and peace initiatives in 2012 and beyond. If you'd like to make a donation please add this to your registration form (over the page). Also please come along prepared to support our fundraising efforts at the dinner.

Pass it on

Share this invitation with others who may be interested in celebrating 20 years of supporting education and training of women in New Zealand.

The New Horizons for Women Trust warmly invite you to
