

An opportunity New Horizons for Women Trust Hine Kahukura

Who we are

New Horizons for Women Trust is a charitable organisation that was established in 1991 to provide grants for women in New Zealand to develop their potential.

Why we help

Our purpose is inspiring women to create new horizons through education and research. We do this by providing a nation-wide Awards Programme including: second chance education awards, research awards, and specific purpose awards including the Ria McBride Public Services Management Award, the Sonja Davies Peace Award, the Margaret L Bailey Science Award, and awards for refugee women and those entering trades.

Through wise stewardship of donations and bequests received over many years, hundreds of women have been given opportunities that have been life transforming.
